Immune Checkpoint Inhibitors in Pediatric Solid Tumors: Status in 2018

Clinical Observations, Plasma Retinol Concentrations, and In Vitro Lymphocyte Functions in Children With Sickle Cell Disease

Determination of Key Drivers of Patient Experience in a Midsize Pediatric Hematology-Oncology Ambulatory Clinic

Can Nurturing the Young Be the Key to Tackling Chronic Diseases in the Old? A Narrative Review With a Global Perspective
Ochsner Hospital for Children is proud to be part of the national Children’s Oncology Group (COG) – a NCI-funded, multicenter research group enabling us to use the same treatment protocols and clinical practice guidelines used at all major pediatric cancer centers across the country.

Available to meet patients’ needs for the following diseases:

- Leukemia and Lymphoma
- Central Nervous System and Spinal Cord Tumors
- Bone and Soft Tissue Tumors
- Pediatric Kidney and Liver Tumors
- Germ Cell Tumors
- Neuroblastoma
- Sickle Cell Disease and Thalassemia
- Hemophilia and Clotting Disorders
- Thrombocytopenia and Platelet Dysfunction Disorders
- Anemia and Red Blood Cell Disorders
- Neutropenia and Neurophil Dysfunction Disorders

To initiate a hospital transfer or phone consult with a physician 24/7, contact the Regional Referral Center at 1.855.OHS.LINK (647.5465).

For fast track appointment access to any Ochsner clinic, contact the Ochsner Clinic Concierge, our dedicated physician referral line, at 1.855-312.4190.
