New Strategies to Reverse Congestive Heart Failure

July 12, 2003

The Ritz Carleton, New Orleans, LA

Recognizing the need for improved education on the use of natriuretic peptides, this conference will feature new research findings, algorithms and practical clinical approaches designed to assist healthcare providers in understanding and approaching acutely decompensated congestive heart failure. In addition, this conference will evaluate the importance of early vasoactive therapy in the emergency department and how this will effect the overall disease management. The registration fee for this conference is \$25

25th Annual New Orleans Internal Medicine Board Review

July 13-19, 2003

Hyatt Regency New Orleans at Louisiana Superdome, New Orleans, LA

This conference which is co-sponsored by Ochsner Clinic Foundation, Tulane University Health Sciences Center, and LSU School of Medicine, New Orleans is designed for internists as a comprehensive review of internal medicine. It is primarily a preparation for taking the American Board of Internal Medicine Certification and Re-certification Examinations or as a review and update for board-certified physicians. In addition, practicing primary care physicians may elect to use this review as an efficient method to update their internal medicine knowledge and improve their skills. For more information, please contact this year's administrative host LSU School of Medicine, New Orleans at 1-800-648-5272 or 504-568-6085 or visit the NOIMBR web-site: www.noimbr.org

Colorectal Surgery Issues & Updates: Piedmont Society of Colon and Rectal Surgeons

August 6-10, 2003

The Atlantis, Paradise Island - Bahamas

The Annual Piedmont Society Meeting is targeted to General and Colorectal Surgeons and Residents and it provides a forum for disseminating information and for encouraging open discussion between the society members and the academic surgeons. The small forum promotes dialogue surrounding controversial treatments and diagnostic issues. The registration fee for this conference is \$225.00.

Ochsner Clinic Foundation Breast Imaging Symposium 2003

October 3-4, 2003

Hyatt Regency New Orleans at Louisiana Superdome, New Orleans, LA

This conference features information about recent developments in breast imaging, identifying and evaluating sub-populations at high risk for breast cancer, and optimizing practice management to assist radiologists and technologists in understanding and working within this evolving field. The target audience for this conference includes radiologists and technologists. The registration fee for this conference is \$400.

Optimal Management of the Hospitalized Patient

October 9-11, 2003

Hyatt Regency New Orleans at Louisiana Superdome, New Orleans, LA

This conference will serve to update practicing physicians of the newest concepts in the various specialties of Internal Medicine relating to conditions requiring hospitalization. These concepts will include the newest advances in pharmacology, technology, clinical pathways and evidence based standards of care, as well as practice guidance and risk management. The registration fee for this conference is \$300.
